Hello World Workflow
Your first workflow - learn the basics of creating and running agents in AgentSpace.

Getting Started ▶ Manual

2.8K uses 3 nodes

Slack Notification Bot
Send automated notifications to Slack channels when important events occur.

Notifications ⚡ Webhook

1.9K uses 4 nodes

Daily Sales Report
Automatically generate and distribute daily sales summaries to stakeholders.

Reporting ⏲ Schedule

1.2K uses 8 nodes

Google Sheets Sync
Two-way synchronization between your data and Google Sheets.

Data Sync ⏲ Schedule

1.6K uses 5 nodes

AI Document Summarizer
Use AI to automatically summarize documents and extract key information.

AI Automation 🗣 Chat ⚡ New

892 uses 6 nodes

Email to Ticket Converter
Automatically create support tickets from incoming customer emails.

Customer Service ⚡ Webhook

1.1K uses 9 nodes

PDF Invoice Processor
Extract data from PDF invoices and sync to your accounting system.

Document Processing ⚡ Webhook

567 uses 12 nodes

REST API Connector
Connect to any REST API and integrate data into your workflows.

Integrations ▶ Manual

2.1K uses 5 nodes

Teams Meeting Reminder
Send automated reminders before Microsoft Teams meetings.

Notifications ⏲ Schedule ⚡ New

234 uses 4 nodes

Inventory Low Stock Alert
Get notified when inventory levels fall below defined thresholds.

Notifications ⏲ Schedule

1.5K uses 7 nodes

Scheduled Database Backup
Automate database backups to cloud storage on a schedule.

Data Sync ⏲ Schedule

423 uses 8 nodes

AI Customer Sentiment Analyzer
Analyze customer feedback and categorize sentiment automatically.

AI Automation 🗣 Chat ⚡ New

312 uses 10 nodes
